FINANCIAL AND COMMERCIAL.

Monday, May 24—6 P. M.
The gold market was isregular during the session of the board to-day. At the opening the feeling mather favored a lower premium, especially as the political horizon is so very quiet and the instructions to Minister Motley so devoid of anything that can provoke unfriendly relations between England and America on the subject of the Alabama claims. Under this influence the price declined to 141%. The "bears" now became rather free buyers to cover previous speculative sales, and there was a sharp recovery to 142%. Later in the day the advance of revenues in London to 79, the duiness of exchange, and a report that Secretary Boutwell would buy one million of bonds, caused a decline to 141%. If the report is true that Mr. Boutwell has decided to offset the sale of the additional million of gold by buying MONDAY, May 24-6 P. M. the sale of the additional million of gold by buying an equal amount of certificates, it goes to show that te is yielding to the clamor of the "On to Richmond" style of financiers who are determined upon examption of specie payment, no matter what the seet to the mercantile community and the great debtor class in general society. These certificates our banks do business. Their retirement would be a step toward contraction, and their cancellation at the rate of a million a week would produce the same commercial distress which ensued upon Mr. McCuloch's experiments of the same character. Congress had to suspend the further diminution of the currency in response to the popular outcry. Mr. Boutwell has no such check to restrain him now, if he chooses to act arbitrarily in the matter, unless, indeed, his strict interpretation of his duty uld show him that there is no law for his with drawal of the certificates, and that his efforts in aid of the sinking fund must be confined to the purchase of bonds. It is to be hoped also that he will see the judiciousness of cancelling a six per cent rather than a three per cent paper of indebtedness. The three per cents are an accident. They were issued in a strait of government finances. They are a reite of Mr. McCalloch. Let them remain in the banks, where they serve a useful purpose. The values of business and commerce are founded upon a consideration of them as a portion of the currency. Mr. Boutwell as done very well thus far. Let him not fall into the great error of his predecessor and begin forcible

ontraction.
The range in the price of gold was as follows:-The range in the price of gold was as follows:—

10 A. M. 141½ 2 P. M. 141½

11 A. M. 141½ 3 P. M. 141½

Cash gold was in abundant supply at rates, for earrying, ranging from 8 to 6 per cent up to Clearing House time. In the afternoon 5 per cent was paid for carrying. The disbursements of coin interest to-day were \$195,193. The report of the Gold Exchange Bank is as follows:—

place to-day. The bids ranged from 141.18 to 142.32. The awards were as follows:—\$400,000 at 142.01, \$160,000 at 142.20, \$100,000 at 142.21, \$50,000 at 142.17, 50,000 at 142.10, \$100,000 at 142%, \$50,000 at 142.09, \$6,000 at 142.13, \$50,000 at 142.26, \$50,000 at 142.32. The rumor of the resignation of the Assistant

easurer, Mr. Van Dyck, proves to be correct. It ras submitted some time ago, to take effect June 1. was submitted some time ago, to take effect June 1. Obarles J. Folger, of the State Senate, is mentioned as his successor. Senator Folger was originally designated for the United States District Attorneyship. The appointment to the Assistant Treasurership is doubtless a concession to his claims.

Foreign exchange closed dull and weak. The im-

porting merchants are confident that the present price of gold cannot be maintained, and are not disprice of gold cannot be maintained, and are not dis-posed to remit until there is a yielding in the pre-mium. The recent export of bonds has also created a free supply of bills, while the advance in gold in stimulating shipments of cotton and produce has contributed an additional cause of weakness. There was a fall of a quarter per cent between the opening was a fall of a quarter per cent between the opening and closing rates. The quotations range as follows this evening:—Sterling, sixty days' commercial, 108% a 109; good to prime bankers', 109 a 109%; short sight, 110 a 110%; Paris, sixty days, 6.25 a 6.16%; short sight, 5.17% a 5.13%; Antwerp, 5.25 a 5.16%; Switzerland, 5.25 a 5.16%; Hamburg, 85% a 35%; Amsterdam, 39% a 40%; Bremen, 77% a 78%; Pruscian thalers, 70% a 71%.

an thalers, 70% a 71%.
Governments at the beginning of business were sitating, in the face of the improved quotations in mdon and Frankfort, but, feeling the effect of large alizations, began to decline, the tendency to lower ices being stimulated by the report that Secretary nuwell would buy one million of bonds and one illion of three per cent certificates in the correling transaction to the sale of two millions of d. The advance in gold has weakened the currency sixes. Prices closed on the street as follows:— United States sixes, 1881, registered, 121 ½ a 121 ½; 60., coupon, 121% à 121%; dos five-twenties, regisbered, 116% a 117; do. do., coupon, 1862, 122% a 122%; do. do., coupon, 1864, 116% a 116%; do. do., coupon, 1865, 116% a 118%; do. do., coupon, 1865, new, 119%; a 119%; do. do., coupon, 1867, 119% a 119%; United States fives, ten-forties, registered, 108% a 108%; do. do., coupon, 100 a 109%; currency bonds, 106% a 107. The money market was without essential change

and rates on call continued to range from six to

seven per cent.
In the general stock market there was a very Buoyant feeling. While the transactions were no very numerous the advance in quotations was quite Seature to-day, collectively. New York Central, in-dividually, was prominent, advancing to 1944. Ila-asmuch as the interest certificates are now being ex-changed for new stock the question arises, When will the Stock Exchange decide to make the quotation ex dividend? Erie sold as low as 28, but closed as 29%. Reading rose to 100%. Northwest common 93 and the preferred 105%. Michiga louthern advanced to 108% and Lake Shore to 108%. both reflecting the consolidation movement between New York and Chicago via the Hudson River and New York Central. Pittaburg was very buoyant, advancing to 97%. Rock Island touched 128%. Ohio and Mississippi was heavy at the figures of the recent rise. The announcement that a third rail is to be laid on this route occurs in the official report of the Marietta and Cincinnati Railroad, which is the connecting link between the latter city and the Baltimore Railroad. Fort Wayne was lower in con-Sequence of the delay and postponement in the fatification of the lease to the Pennsylvania road, which it is now said will not be considered before Wednesday next. St. Paul was steady, refusing to take part in the general upward movement, except a slight fractional improvement. In the miscella-ouslist Pacific Mail was again actively weak, declineous list Pacific Mail was again actively weak, declining as low as \$2\cute{4}\$, but subsequently recovering to \$4\$. This stock is "hammered" with all sorts of stories about reduced earnings and diminished business. Mariposa preferred rose to \$1\$. Canton touched \$4\cute{4}\$. Western Union was heavy and lower. The express stocks were weak and depressed. The following were the prices on the call at the last pession of the Board:—Canton, 64% a 64%: Boston Water Power, 16% a 17; Cumberland, 20 a 32; Wells-Pargo Express, 33 a 3314; Adams, 60; American, 40 a 4014; United States, 66 a 67; Merchants' Union, 1414 1034; Western Union Teiegraph, 4334 a 434; New York Central, 1934 a 1934; Mariposa, 24 a 244; So. preferred, 50% a 514; Hudson River, 1634 a 1634; Harlem, 1614 a 1514; Reading, 99% a 994; Alton and Terre Haute, 89 a 40; do. preferred 71 a 11%; Toledo and Wabash, 76% a 76%; do. preferred, 82; Milwaukee and St. Paul, 76 a 76%; do. prefer-red, 86 a 86%; Chicago and Alton, 158 a 159; do. preerred, 160% a 162; Ohio and Mississippi, 35% a 35%; Fort Wayne, 157; Michigan Central, 120% a 130; Hichigan Sonthern, 107 a 107%; Illinois Central, 146% 147; Cleveland and Pittsburg, 98½ a 97; Lake 147; Cleveland and Pittsburg, 98½ a 97; Lake 16074; Rock Island, 127% a 127%; Forthwestern, 92½ a 92%; do. preferred, 105% a 165%; Cleveland, Columbus and Cincinnati, 73½ a 15; Delaware and Lackawanna, 116½ bid; New Jerley Central, 116% a 116%; Morris and Essay, 90% a 0%; Hannibal and St. Joseph, 116% bid; do. pre-bred, 116% a 116%; Columbus, Chicago and Indiana

SMALLPOX.

The Board of Health is adverse to giving citizens city." If any disease be prevalent the Health Officers believe in keeping the matter a profound secret. They let the fire burn in the hygienic house until they can no longer control it, and then give the alarm. The probability is that before the end of the present week the Commissioners will sound the alarm in regard to the small pox. About six weeks ago the attention of the Board was first seriously turned to the disease in this city. The cases were then isolated, and but few in number. Effective means were used to stop the prowas masserously turned to the assessed in the city. The cases were then isolated, and but few in number. Effective means were used to stop the progress of the disease, but the cases multiplied rapidly; dispensary physicians reported a number of cases, and the doctors in the Board became thoroughly awakened to the importance of doing something to check the progress of the disease. It was thought that the disease had been imported here by passengers from Sweden and Germany, where smallpox is now prevailing to a learnic extent; for the scrutiny of passengers by Dr. Swinburnel and his measures for preventing disease reaching the city have not been very effective. Two doctors have been appointed by the Board to do duty at Castie Garden, and all emigrants arriving from Europe on the mail steamers or on sailing vessels are vaccinated before being allowed to pass out of the . Garden? into the city. Notwithstanding all the precautionary measures of the Board the disease has gradually increased. During the twenty-four hours ending at twelve M. on Smiday eighteen new cases were reported in the city, the majority being of the most virulent character. As each case is reported the health authorities immediately visit the patients and purify the rooms and surroundings and vaccinate every person in the nonse—that is, province they are not protected from the disease. During the past week a number of the more virulent cases have been removed to Blackwell's Isiand, in spite of the opposition and remonstrance of the friends of the patients. One gentleman in Eighth street and another in Fourteenth were forcibly removed. They had every attention that was necessary, and the best medical attendance, but it was though necessary, for the safety of the community, that they be removed to the Smallpox Hospital on the Island. Poor people, having but few means to prevent the spread of the disease, and living in densely-populated and vaccinate every person that is not deemed "safe." To show that the Board seriously contemplate carrying out th

MARRIAGES AND DEATHS.

BUCKHAM—WEST.—On Saturday, May 15, at the residence of the bride's uncle, Rose Prairie, Mo., by the Rev. Dr. R. M. Buckham, Andrew W. Buckham, of the above place, to E. Julia West, of Kingsthe Rev. Dr. R. M. Buckbain, Andrew W. Bickham, of the above place, to E. Julia West, of Kingston, N. Y.
